SEDUCTION MAGIC LATIN AMERICA VODOO

A magic tradition is what fascinates us most when thinking of the countries of Latin America. Ancient high cultures like the Maya and Inca have left traces that even today inspire designers. True seduction necessarily calls for opposites attracting: spiritual baroque, pure opulence and simplicity.

With CREATE your STYLE™ with Swarovski® your adornment can become spiritually symbolic. Various devotional objects on your bag tell little stories about the mysteries of life. Cover a personal picture or ringlet in the locket like pendant. And embellish it by adding a brooch.

ROMANCE OCCULTISM MYSTERY

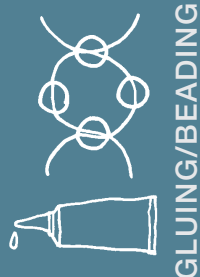

In this summer the belt is the accessory the romantic women can't do without. Instead of traditional leather it will appear in a new feminine sleaziness. The soft and delicate dark fabric is the perfect foil for the composition of crystal components and trimmings.

Splendid natural and dramatically mysterious: The scarf is decorated with applications made with easy stitches. Crystal components give the occult ornaments an even more dramatic touch. Imagine this scarf covering the shoulders of a seducing Latino lady visiting the Sunday morning mess.
